

FULL COLOUR TOUCH SCREEN WITH LOAD'N GO AND JOB WIZARD

The DS-86 interface has a full colour touch screen and a job wizard, therefore using the entire system could not be made easier. Skilled operators are no longer required. With the exclusive load'n Go technology, you simply load documents and envelopes, and then press start. Furthermore you can adjust the position of the screen so that the user can view it more comfortably.

JOB WIZARD & LOAD'N GO – EASYTO USE

MAXIMUM VERSATILITY WITH FLEXFEED & VERSAFEEDER

MODULARITY FOR BUDGET OPTIMISATION

HIGH PRODUCTIVITY WITH HIGH CAPACITY HOPPER & STACKER

OPTIMISED METERING WITH SORTING OPTIONS

PRINTMACHINE SOFTWARE SOLUTIONS

The DS-86, in combination with Neopost's PrintMachine software, is the ideal solution for the full automation of your output and mail management processes.

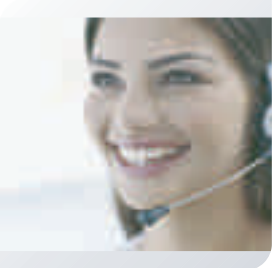

OPTICAL RECOGNITION (OMR)

With optical mark recognition, you can securely process sets of documents which have varying numbers of pages. Single or dual track reading options plus "Flex OMR" capable of reading non Neopost OMR.

INSERT'N METER

Automate your total mail flow by connecting the DS-86 to a Neopost postage meter.

HELP DESK

Experience optimised DS-86 uptime through enhanced remote assistance.

MODELS

DS-86 SPECIAL

In addition to automatic documents feeders, the DS-86 has an extra feeder which processes special mail items (glossy paper, booklets, pre-folded inserts etc.).

DS-86 CUSTOM BUILT

You choose the configuration: position the special and automatic feeders where you would like them to be.

SPECIFICATIONS

STANDARD FEATURES	UNIQUE TO NEOPOST	DOCUMENTS	
load'n Go	Yes	Height	90 - 356 mm
flexFeed	Yes	Width	130 - 230 mm
Daily Mail for stapled and unstapled sets		Weight	60 - 250 gsm
Multiple sheet feeding		Feeder capacity	325 sheets (80 gsm)
Cascade feeding from all feeders (including OMR)		maxiFeeder	1.200 sheets (80 gsm) 325 BRE's
powerFold10	Yes	<b>VERSAFEEDER</b>	
Fold-only applications		Height	90 - 152 mm
Electro-mechanical secure'n Feed	Yes	Width	120 - 230 mm
Electro-mechanical secure'n Sert	Yes	Weight	80 - 250 gsm
divert'n Continue (2x)	Yes	Thicknessmax	2.5 mm
Present on Deck		<b>SET THICKNESS</b>	
Tip-to-tip sealing	Yes	Maximum	2.5 mm
High capacity powerStacker	Yes	<b>ENVELOPES</b>	
Sorting options	Yes	Length	90 - 162 mm
25 programmable jobs		Width	140 - 248 mm
Upgradability to more feeder stations		<b>CAPACITY</b>	
		Hopper	500 envelopes
		Side exit	500 envelopes
		PowerStacker	500 envelopes
		High Capacity Envelope Hopper	1000 envelopes
		High Capacity Conveyor Stacker	1000 envelopes
<b>OPTIONAL FEATURES</b>		<b>FOLDING</b>	
Optical Mark Recognition (OMR)		CapacityMax.	10 sheets (80 gsm)
Flex-OMR: recognition of non-Neopost OMR codes	Yes	Max. weight	170 gsm
Reverse reading	Yes	Fold types	letter, zigzag, single, double parallel, no fold
Short Feeders	Yes		25 mm
High capacity document maxiFeeder (up to 2)	Yes	Short fold Small foldmin	
Bottom address applications		Note bottom address documents only single or	zigzag-fold and max. 5 sheets
Short fold applications	Yes	<b>PERFORMANCE</b>	
Versafeeder for up to 2.5 mm thick inserts	Yes	Speed	Up to 4.300/hour
High Capacity Envelope Hopper	Yes	<b>DIMENSIONS</b>	
High Capacity Conveyor Stacker	Yes	Length	1500 mm
		Width	460 mm
		Height	920 mm (6-stations)
		Weight	140 kg (6-stations)

Being ISO 9001, 14001 and 18001 certified, Neopost will serve you in accordance with the highest process, quality and environmental standards.

## DS-86

### OPERATIONAL EFFICIENCY

Don't miss business opportunities on account of your Folder Inserter. With DS-86, Neopost facilitates productivity, flexibility and ease of use at the highest level. Opportunities are unlimited, as it performs your daily administrative jobs and excels in direct marketing applications. Moreover, with many upgrade capabilities, your future needs are also secured.

#### MAIL EFFICIENCY: FLEXIBILITY IS A MUST

You give so much attention to your mail piece, so the DS-86 should handle the other applications required to run and develop your business. The DS-86 allows you to deliver the right message to your customers.

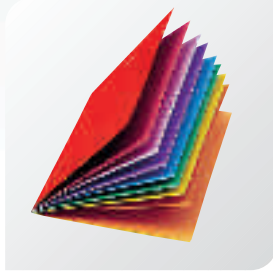

#### OPERATIONAL EFFICIENCY: FLEXFEED TECHNOLOGY

The DS-86 has 6 flexFeed technology feeders, allowing it to handle any document size or paper types (A4 forms, inserts and leaflets, including glossy paper and coated material). The DS-86 is essential for performing direct marketing jobs.

#### VERSAFEEDER

In order to provide increased flexibility, Neopost has developed a unique and specialised feeder to process thicker stiffer material, such as booklets and brochures. Moreover, the versaFeeder can be loaded from the top to ensure that running is uninterrupted.

#### POWERFOLD FOLDING TECHNOLOGY

The DS-86 allows to collate and fold up to 10 sheets into an envelope. This exceptional feature allows you to make the most of your mail piece and maximise an envelope's insert capacity, thereby reducing postage costs.

#### FEEDER SWAP

Continuous operation is achieved by so-called 'cascade' feeding. When one feeder empties, another one takes over. This reduces manual handling and enables refills without stopping the system.

#### MAXIFEEDER

Load up to 2400 sheets or 750 BRE's in the optional twin maxiFeeder configuration for maximum productivity.

#### DIVERT'N CONTINUE

To avoid futile stoppages and maximise productivity, the intelliDeck diverts duplicate or faulty documents while the system is still running.

#### PRESENT ON DECK

The inserter deck is the alternative way to run divert'n Continue. It can also be used to check a test set.

#### HIGH UPLOADING & DOWNLOADING CAPACITY

The Optional High Capacity Envelopes Hopper and Conveyor (each with a capacity of 1000 envelopes) enable you to remain one step ahead. DS-86 has many optional devices allowing you to design your own custom system to meet your current and future needs.

#### EFFICIENT MAIL SORTING

DS-86 automatically sorts mail into two exits, based on postal code, set thickness, OMR mark, metering rates, or any combination of the above. The unique High Capacity powerStacker allows the system to be unloaded in an easy, convenient manner.
