THE SIMPLE SOLUTION TO AWKWARD SHAPED PARCELS

Additional scales can be interfaced with the IJ-50 for large, irregular shaped parcels of more than 2kg. A built-in label dispenser enables the IJ-50 to print your impression onto a self-adhesive strip, making it easy to apply to larger items and eliminating the need for stamps.

UPGRADE TO MAILROOM CAPABILITIES

Linked to a folder inserter, the IJ-50 gives you all the advantages of a complete mailroom solution with continuous, ready to mail processing. It deals with your mail ten times faster than a staff member could, and can also be used for mailshots and other marketing activities.
