MAILROOM PRODUCTIVE MAILING SYSTEM IJ-80

The Neopost IJ-80 comes with all the speed, technology and options to increase mailroom output and keep costs in check.

- Envelope processing speeds of up to 185 letters per minute
- Process mixed mail up to 16mm thick
- Track expenditures for up to 500 departments
- PC interface for exporting data and reports

BETTER MAIL MANAGEMENT WITH ADVANCED ACCOUNTING

If you're looking for better control of your mailing expenditure, the IJ-80 makes it simple. Connect it to a PC equipped with Neopost's postage management software so you can track, allocate and analyse your postal costs by department, postal rates and time periods.

ONE-TOUCH RE-CREDITING WITH DIAMOND

Many re-crediting systems are slow and complicated, often requiring long calls. The IJ-80 helps you avoid all that. Neopost's® Diamond system refills your machine with postage in just a few key strokes, getting you back to business in seconds – 24 hours a day, 365 days a year.

PRICING IN PROPORTION: I-weigh™

Pricing in Proportion is the method Australia Post prices mail according to both its size and weight. The Neopost I-weigh has been designed with this in mind and well suited to enhance your IJ-80 in any professional mailroom or office environment.

WHY CHOOSE GBC

For over 50 years GBC has been perfecting mail processing, binding, lamination and shredding systems for commercial, business, education, government and home office applications.
GBC products are marketed in over 115 countries and has offices in every capital city in Australia.
The bottom line? When you deal with GBC you're dealing with a company whose commitment to Australian business is as absolute as its commitment to offering the best products in its field.

IJ-80

THE HIGH PRODUCTIVITY MAILING SYSTEM FOR MEDIUM SIZED MAILROOMS

The professional modular mailing solution for expanding needs

neopost

WE VALUE YOUR MAIL

MAILROOM PRODUCTIVE MAILING SYSTEM IJ-80

VERSATILITYAT THE HEART OF YOUR MAILROOM

The Neopost IJ-80 combines speed, modularity and advanced technology to deliver a mailing solution that's simple and effective.
It can be the hub of a sophisticated mailing system, or just a fast, robust franking machine for your mailroom. It handles walk-up mail as easily as high volume runs or mixed daily loads of letters or packages.
With the IJ-80, you can configure a system that fits your mailing profile perfectly. Its modular accessories quickly and easily accommodate your needs as they grow or change – meaning you only pay for the capabilities you need.

The IJ-80 is simple to operate yet durable enough to stand up to the demands of the toughest environments.

ALWAYS THE RIGHT PRICE,
NEW POSTAGE RATES DOWNLOADED
AUTOMATICALLY VIA PHONE LINE

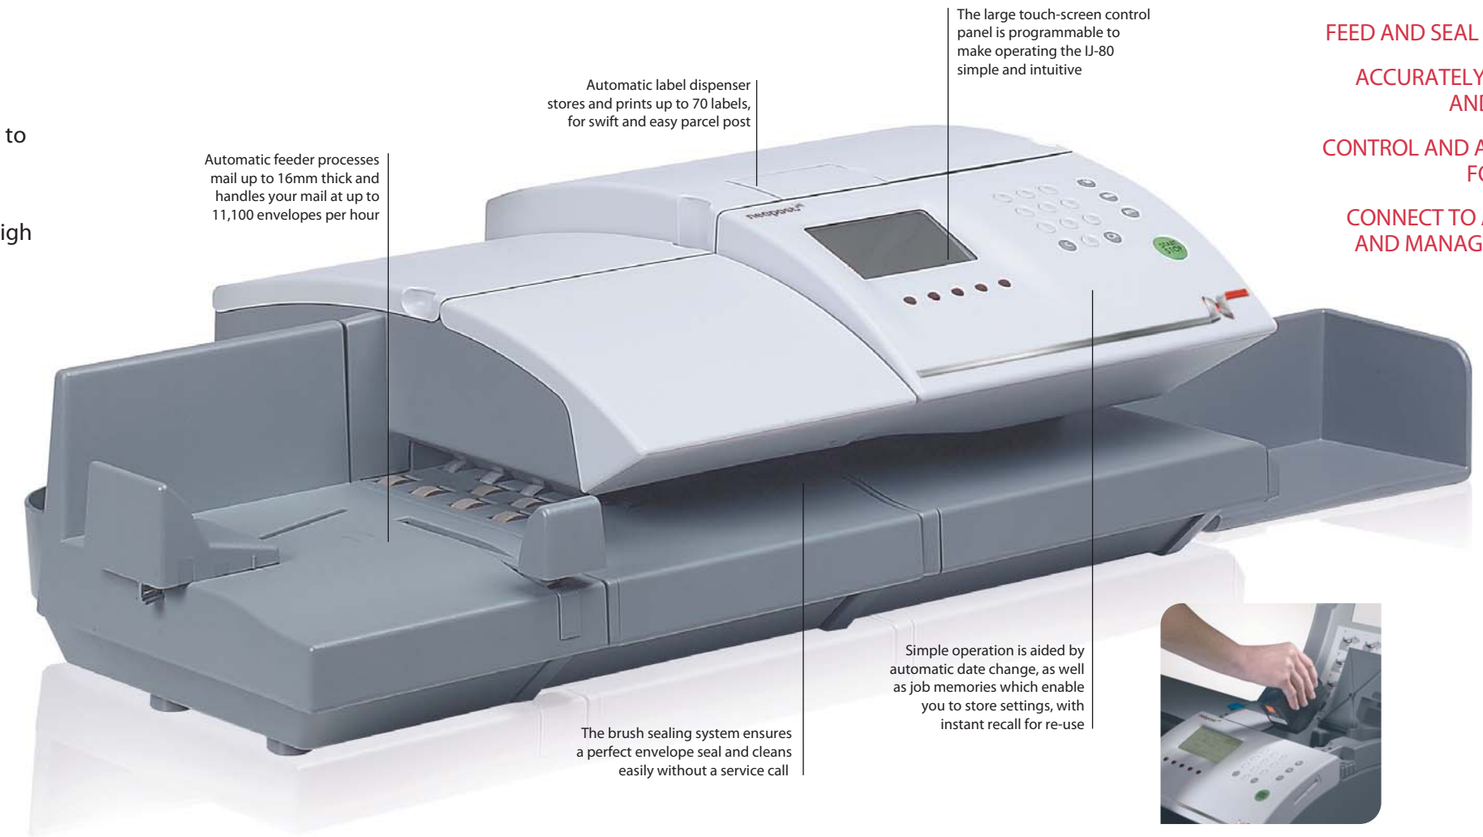
PROCESS UP TO 11,100 ITEMS PER HOUR

FEED AND SEAL MAIL UP TO 16MM THICK

ACCURATELY WEIGH MAIL IN-MOTION
AND APPLY EXACT POSTAGE

CONTROL AND ALLOCATE POSTAL COSTS
FOR UP TO 500 ACCOUNTS

CONNECT TO A PC TO TRACK, ANALYSE
AND MANAGE POSTAL EXPENDITURES



MAXIMUM FLEXIBILITY IN HANDLING ENVELOPES

The IJ-80 handles envelopes as big as C4, in either portrait or landscape, which can be sealed or not according to your needs. Its high-capacity feeder has an adjustable side guide to hold your large stacks of mail in place, so high-volume, same-sized mailings are dealt with in minutes.

PROJECT A QUALITY IMAGE

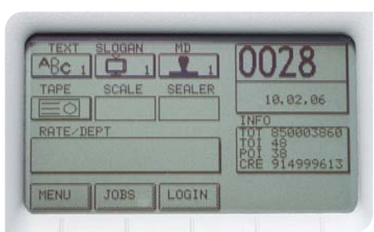
100% inkjet and 100% digital technology gives you sharp, clear printing that enhances the professional look of your organisation. A choice of nine customised slogans can be loaded from memory cards and you can add your company name, greetings, slogans – even logos and photographs.

GET MORE IMPRESSIONS FOR LESS

The long lasting ink cartridge reduces operating and supply costs, producing a high volume of impressions per cartridge, and can be conveniently replaced in seconds.

MODULARITY THAT MEETS YOUR NEEDS AS THEY EVOLVE

The IJ-80 can interface with integrated weigh platforms or additional scales to automatically calculate and apply correct postage to items weighing up to 30kg. You can even weigh a selection of items using differential weighing, which calculates the postage for each piece removed from the platform.
Neopost's I-weigh™ dynamic scale checks weight asitems of up to 1kg pass to the machine, automatically and accurately adjusting the postal rate.
Posting larger items is made easy with the built-in label dispenser. You can also add a conveyor-stacker to neatly collect your mail – saving even more time and boosting mailroom productivity.



EFFICIENCY AT YOUR FINGERTIPS

The IJ-80 is controlled through a clear, intuitive touch screen that's big enough to read easily and doesn't have you hunting around a tiny keyboard. It's simple for first-time users and fast for experienced operators, giving direct access to important information and one-touch recall of regular jobs.

INTEGRATES INTO YOUR MAILING SYSTEM

When linked to a folder inserter, the IJ-80 gives you all the advantages of a complete mailroom solution with continuous, ready to mail processing. It allows your mail to be folded, inserted, sealed, weighed and metered all in one automatic process, and is perfect for mailshots and other marketing activities.
