

## MAILROOM HEAVY DUTY MAILING SYSTEM IJ-90

The Neopost IJ-90 delivers advanced time saving technology to make your mailroom more efficient and effective.

- Envelope processing speeds of up to 220 letters per minute
- Process mixed mail up to 16mm thick
- Track expenditures for up to 500 departments
- PC interface for exporting data and reports

### BETTER MAIL MANAGEMENT WITH ADVANCED ACCOUNTING

If you're looking for better control of your mailing expenditure, the IJ-90 makes it simple. Connect it to a PC equipped with Neopost's postage management software so you can track, allocate and analyse your postal costs by department, postal rates and time periods.

### ONE-TOUCH RE-CREDITING WITH DIAMOND

Many re-crediting systems are slow and complicated, often requiring long calls. The IJ-90 helps you avoid all that. Neopost's® Diamond system refills your machine with postage in just a few key strokes, getting you back to business in seconds – 24 hours a day, 365 days a year.

### PRICING IN PROPORTION: I-weigh™

Pricing in Proportion is the method Australia Post prices mail according to both its size and weight. The Neopost I-weigh has been designed with this in mind and well suited to enhance your IJ-90 in any professional mailroom or office environment.

### WHY CHOOSE GBC

For over 50 years GBC has been perfecting mail processing, binding, lamination and shredding systems for commercial, business, education, government and home office applications. GBC products are marketed in over 115 countries and has offices in every capital city in Australia. The bottom line? When you deal with GBC you're dealing with a company whose commitment to Australian business is as absolute as its commitment to offering the best products in its field.

# MAILROOM HEAVY DUTY MAILING SYSTEM IJ-90

## INTELLIGENT TECHNOLOGY THAT'S A PERFECT FIT FOR YOUR BUSINESS

The Neopost IJ-90 delivers high speed with low costs, transforming your mailing operation. It saves time and money, with lightning-fast mail processing and intelligent technology that helps make your mailroom more effective and productive. When you need speed, dependability and sophisticated mail management options, put the IJ-90 at the heart of your mailing system.

Built for environments where performance and versatility are a must, the IJ-90 gives you maximum performance with quiet operation in a high-speed, easy to use solution. Designed to grow with your needs, the IJ-90 is ultra-reliable and optimises productivity levels at your business.

### A MODULAR SYSTEM FOR ULTIMATE MAILING EFFICIENCY

The IJ-90 is a truly modular system that can be customised according to your needs. Its unique design makes it easy to add options and features as your needs evolve. Parts can be replaced in minutes, simplifying maintenance and ensuring maximum efficiency. Neopost's high-capacity feeder has an adjustable side guide to hold your large stacks of mail in place. High-volume, same sized mailing are dealt with in minutes, and an optional conveyer-stacker neatly collects your mail – saving even more time and boosting mailroom productivity.

### MAXIMUM FLEXIBILITY IN HANDLING ENVELOPES

With the IJ-90, productivity comes with flexibility. The mixed mail feeder easily handles letters of different sizes in either portrait or landscape, saving you time by not having to presort mail. It also handles all kinds of envelopes – nested or non-nested, which can be sealed or not according to your needs.

### A WIDE CHOICE OF WEIGHING OPTIONS

Neopost's I-weigh™ dynamic scale weighs items of up to 1kg in-motion, automatically and accurately adjusting the postal rate. The IJ-90 can interface with external scales or integrated weighing platforms that can offer differential weighing capabilities up to 30kg. Posting larger items is made easy with the built-in label dispenser.

The mixed mail feeder eliminates time wasted sorting mail by size, thickness or weight and handles your mail at up to 13,200 envelopes per hour

The pump-fed water spray sealing system ensures a perfect envelope seal and cleans easily without a service call

The large, touch-screen control panel is programmable to make operating the IJ-90 simple and intuitive

Automatic label dispenser stores and prints up to 70 labels, for swift and easy parcel post

The Neopost Dynamic Scale allows in-motion weighing, so you save time and simplify your entire mailing process

ALWAYS THE RIGHT PRICE, NEW POSTAGE RATES DOWNLOADED AUTOMATICALLY VIA PHONE LINE

PROCESS UP TO 13,200 ITEMS PER HOUR

FEED AND SEAL MAIL UP TO 16MM THICK

ACCURATELY WEIGH MAIL IN-MOTION AND APPLY EXACT POSTAGE

CONTROL AND ALLOCATE POSTAL COSTS FOR UP TO 500 ACCOUNTS

CONNECT TO A PC TO TRACK, ANALYSE AND MANAGE POSTAL EXPENDITURES

### KEEP OPERATING COSTS UNDER CONTROL

The new ink tank system helps you reduce operating costs, producing an extremely high volume of impressions per cartridge at a very low cost. The cartridge can be conveniently replaced in seconds.

### PROJECT A QUALITY IMAGE

100% inkjet and 100% digital technology gives you sharp, clear printing that enhances the professional look of your organisation. A choice of nine customised slogans can be loaded from memory cards and you can add your company name, greetings, slogans – even logos and photographs.

### TOUCH-SCREEN TECHNOLOGY MAKES OPERATING EASY

The IJ-90 is very easy to use, whether for walk-up mail or as a professional, high-demand mailing system. A clear, intuitive interface is big enough to read and operate easily. Both first-time users and experienced operators will enjoy fast, direct access to important information and one-touch recall of regular jobs.

### PERFORMANCE AT THE CORE OF YOUR MAILING SYSTEM

When linked to a folder inserter, the IJ-90 comes with all the power you need in a complete mailroom solution, with continuous, ready to mail processing. Mail is folded, inserted, sealed, weighed and metered in a single, automatic process, enabling the IJ-90 to deal with large mailshots and other marketing activities in a matter of minutes.
